

CTPAT ALERT

CTPAT – FAST Lane Requirements

Last Updated: July 16, 2020

To enhance communication with its members, the Customs Trade Partnership Against Terrorism (CTPAT) program routinely highlights security matters for the purpose of raising awareness and renewing Partners' vigilance in supply chain security. Through this CTPAT Alert, the program wants to remind its Highway Carrier Members of some of the key requirements they must meet – particularly those that will help U.S. Customs and Border Protection (CBP) expedite the flow of the Free and Secure Trade (FAST) lanes, one of the most important benefits the program offers its
